THE AGONY OVER-CRAMPTON DISMISSED. It will be seen from our te egraphic dispatches a fair that the vaciliating administrat on a' Washing- the se w' de le 's ship, 'o othe marke's. ton has at last taken a dec sive tep in relation to our difficulties with the British M nister and the British Consuls at Ne & York, Cincinnati, and Philadelphia. Mr. Crampton has been dismissed, and it is officially announced that the exequaters of the Consuls mentioned a e to be immediately revoked Various opin ons are ntertained as to the result of his ac'lou of the Administration. We are satisfied that if we had had statesmen at the head of our Govern ment there would have been less hug g in the management of our foreign affars. We do not apprehend that even the dismesal of Mr. Crampton will be considered a sufficient cause for a declaration of war. If a war with Eig land however should be the cone be attributable not so m ch to any inherent difficulty in the issue pen ing between our Gov-ernment and that of Q een Victoria as to the continual "backug and fling," the eternal was vering at at tatesman ke cond ct of the Pierce Administration; but let what will com we are for o r country first, our co tay as.
